Hi DaMonica and Jessica,

Hope all is well. I wanted to circle back on this request from a few weeks ago and ask under Chapter 119 for any records (beyond the purchase orders) of a master services agreement with Equifax or any other documents that specify Equifax's ongoing responsibilities for income verification on behalf of DCF. I can't seem to find any further documents in the database for Equifax or TALX beyond the orders, which don't seem to have those documents included.

If there are any questions I can answer, please give me a call: 401 368 9364.

Many thanks,

Elizabeth

Mr. Enriquez,

Good afternoon. Congratulations on the appointment as general counsel.

Please forgive the sarcasm contained in the email below. I've been known to resort to it when frustrated.

That said, the Miami Herald has been waiting 10 days for a record that is likely to be less than two full pages long. I don't believe this is in keeping with either the letter or the spirit of Florida's public records law. Please produce this record with dispatch. Ignoring requests for records that are not only public -- but also important to Floridians' rights and ability to oversee their government -- is contrary to Florida law.

I'd like to avoid escalating this dispute. The Herald has gone, and will go, to court to protect and uphold the public's rights under government-in-the-sunshine laws. Why don't we try to avoid that kind of acrimony?

David,

Last June, you declined to release your records on Bradenton foster child Alleny Carbone, pending a determination as to whether Alleny's death resulted from caregiver abuse or neglect.

The attached report, written by the Department of Juvenile Justice's inspector general, makes clear that multiple acts of neglect, particularly a therapist's decision to remove Alleny from suicide watch, and the failure of detention officers to properly oversee 10-minute checks, were responsible for Alleny's death.

We therefore resubmit our records request from last June.

We would appreciate your prompt reply.

Hi Mr. Frady,

I'm covering a Florida House race as part of our elections coverage and I got a tip that one of the candidates, Rizwan Ahmed, was reported to DCF in 2006 for allegedly using one identity and social security number on his work paperwork and another identity and social security number to collect food stamps. According to the information I received, Mr. Ahmed somehow acquired two social security numbers when he immigrated to the United States and used one affiliated with the name Rizwan Qureshi or Rizwan Ahmed Qureshi to get food stamps.

Could you please check to see if DCF has any record of a complaint or investigation regarding these allegations?

When I mention drug treatment centers, I am referring to all facilities outlined in [this document](#) - those that are licensed and overseen by The Substance Abuse and Mental Health Program Office. I have included a detailed, formal public records request below and would be happy to discuss any of this over the phone.

Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I hereby request the following records:

All inspection reports, memos and correctional orders since January 2014 for any drug treatment facilities in Miami-Dade and Broward County that

- **Are or have previously been on a conditional or probationary license.**
- **Have committed more than six violations since January 2014**
- **Have had their license suspended since January 2014**
- **Have been charged upwards of \$1000 in fines since January 2014.**

I would like to receive the information in an electronic and machine-readable format and preferably by email, but if this is not possible I will accept the material on a CD mailed to my address.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25. However, I request a waiver of all fees because the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the quality of drug treatment centers in South Florida. As a member of the media, my request is not being made for commercial purposes.

Please email me at the below address to confirm receipt of this request. If access to the records I am requesting will take longer than a 'reasonable' amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. I would request your response by Thursday at 5 p.m.

If you deny any or all part of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

If there are any questions regarding this request, please call me at 305-376-3552 or email me.

Thank you in advance for your anticipated cooperation in this matter.

Damonica,

Good morning.

I have not heard back from DCF, or even had an acknowledgment that my e-mail was received? Will DCF be able to provide me some answers on this inquiry?

Hi DaMonica,

This is David Ovalle, from the Miami Herald. I am writing a follow-up on the case of Candi Johnson, the woman who is in jail accused of shooting and wounding foster mother, Wendy Edmond. I was hoping DCF could help me answer some questions pertaining to her case:

- I am looking for a timeline or documents that chronicle Ms. Johnson's history with DCF. How many complaints have been filed against her over the years, how many times she had her children taken away, etc.

- Any documents that detail why DCF removed the children from Ms. Johnson earlier this year.

- I need to know why Johnson was not prosecuted in Miami-Dade for pulling the gun on a DCF worker on March 9, 2018, and abducting the children. Did DCF seek prosecution for this incident? Can DCF tell us who was handling that incident from the Miami-Dade State Attorney's Office, or Miami-Dade Police?

- Ms. Johnson was arrested on March 24 in Martin County and the children were recovered. Were the kids ever returned to her custody between that date and the date her parental rights were terminated in July 2018?

- Ms. Johnson's own relatives tell us they filed many complaints against her in the past several years, alleging Ms Johnson had illegally taken power of attorney over her elderly dementia-stricken brother, Conley Johnson Jr., and was not properly taking care of him. Does DCF have any record of such complaints, and if so, was any investigation done on the allegations?

I am hoping to get these answered by the end of the day Tuesday. If you have any questions, call me at 786-417-0815.

In advance, many thanks.

Good morning, David.

Could you please send me a copy of your incident report on the death of 3-year-old Skyler Hartley? She was beaten to death by her mother's boyfriend in Miami Beach. The boyfriend is in jail without bail after being charged with the killing.

Thank you, in advance.

Good morning, David. Thanks for your help yesterday.

As we discussed, this is a request for public records.

Can you please provide me a copy of all your inspections for His House from Jan. 2011 until the present?

Can you also please provide a spreadsheet -- redacted as to the identities of alleged victims, of course -- with a list of all abuse or neglect reports for His House, as well as the Homestead immigration shelter, if any such reports exist.

Please provide the date of the report, the allegation, the date of closure and the disposition for each report.

I thank you, in advance.

Jessica,

We would appreciate it you would reply to this request. It is our intention to file a petition when you deny the bulk of it, and we'd like to proceed on that with some dispatch. We cannot move until we hear from.

To make things easier, here, again, is a better accounting of what, specifically, we would like:

- All intakes for all six of Christina Hurt's children
- All investigative decision summaries
- All abuse reports
- The dependency petitions
- Shelter hearings
- All notations produced by a caseworker or therapist, ie, the chronological notes, or chronos
- All records of court proceedings in the dependency case(s)
- All records produced by Children's Legal Services
- All records pertaining to the reunification of the children

Thank you.

Jessica,

Good afternoon.

Last week, we exchanged a handful of emails pertaining to the death of 1-year-old Ethan Coley.

Upon reviewing them, it appears that, in my haste, I may have been unclear about what specifically we are seeking.

Can you please provide the Herald a copy of the full service record for Ethan and his family, including all intakes, all abuse reports, all caseworker and supervisor notations and all documents from Children's Legal Services.

If you decline to honor this request, in whole or in part, please state in writing and with particularity the statutory exemptions you claim.

We thank you in advance for your help.
